

CASQUE TV AVEC TRANSMETTEUR BLUETOOTH

# **MONSTER® CASQUE TV AVEC TRANSMETTEUR BLUETOOTH**

Découvrez le KIT casque TV + émetteur Bluetooth Monster, parfait complément de votre système de divertissement domestique. Ce casque TV sans fil numérique vous offre une qualité sonore exceptionnelle et vous libère des câbles. Sa conception supra-auriculaire fermée et ergonomique réduit le bruit de fond tout en offrant un maintien extraordinairement confortable. Vous serez plongé dans le son de votre musique, de vos émissions de télévision ou de vos films préférés sans déranger personne d'autre dans la pièce !

- Diffusez facilement le son des téléviseurs et des consoles de jeu vers des écouteurs Bluetooth, une barre de son ou des haut-parleurs jusqu'à 10 mètres de distance.
- Émetteur Bluetooth avec accroche murale.
- Casque Bluetooth à isolation acoustique passive offrant un son stéréo clair.
- Alimentation à partir du port USB de votre téléviseur HD ou avec l'adaptateur mural USB inclus.
- Installation rapide et configuration facile.
- Comprend: adaptateur mural USB, câble micro USB, câble audio 3,5 mm, adaptateur RCA vers 3,5 mm, casque Bluetooth.

## HDTV Wireless Headphones Kit

with Bluetooth® Audio Transmitter & Headphones

## Operation Manual

MTH9-1001-BLK  
V1.0 0219

# MONSTER®

## Introduction

### Features

- Add Bluetooth audio capability to your TV or home stereo
- Stream audio up to 33ft
- Watch TV without disturbing others
- Easy installation and pairing

### What's Included

- Bluetooth Audio Transmitter
- Bluetooth Headphones
- 3.5mm Aux Cable
- RCA to 3.5mm Adapter
- Micro USB Charging Cable
- USB Wall Charger
- Self-adhesive Transmitter Mount

## Headphones Operation

### Paired to the Bluetooth Transmitter:

- Turn the headphones ON by holding the Multifunction Button ►|| for 3 seconds.
- To raise volume, press+hold the Volume Up Button ►+
- To lower volume, press+hold the Volume Down Button ◀◀
- To power down the headphones, hold the Multifunction Button ►|| for 3 seconds. The LED light indicator will flash red 3 times and then remain off.

### Additional features if paired to a phone:

- Press the Multifunction Button ►|| play/pause audio and to answer/end phone calls.
- To change to the next track, press the Next Track Button ►+
- To change to the previous track, press the Previous Track Button ◀◀

### To use as wired auxiliary headphones:

- Plug in a 3.5mm audio cable into the "Aux" jack (additional cable not included). The headphones will automatically switch from "Bluetooth" mode to "Auxiliary" mode. (Please note that the music control buttons on the headphones will not function while in Auxiliary mode.)

## At a Glance

## Get Started

### Bluetooth Transmitter

- 1 Using included micro USB cable and USB wall charger, fully charge your new monster Bluetooth Transmitter for a minimum of three (3) hours. The LED charging indicator will illuminate green when fully charged.
- 2 Connect the Transmitter to an audio source such as a TV or home stereo using the 3.5mm jack & included 3.5mm Aux Cable. (For audio devices with RCA output, the RCA to 3.5mm Adapter may be used.)
- 3 Locate your Bluetooth headphones or speaker that you would like to stream audio to. Be sure to power them on and activate pairing mode. (For Monster Headphone pairing instructions refer to page 4, step 2)
- 4 Turn on the Transmitter by switching the power switch (on the side) to the "ON" position. The Bluetooth LED indicator will illuminate solid blue.
- 5 Press the pairing button ⚡ on the Transmitter to activate pairing mode and begin searching for nearby Bluetooth devices. (Allow up to 20sec for the Transmitter to pair.)
- 6 Once the Transmitter and Bluetooth audio device are paired successfully the LED indicator will begin to flash blue slowly, indicating that the Transmitter is connected and ready to use.

## Bluetooth Headphones

- 1 To charge your Monster Bluetooth Headphones, connect a micro USB cable to the micro USB charging port and connect the other end to a USB power outlet (additional cable and adapter not included). The LED indicator will blink red, indicating that the headphones are charging properly. The LED indicator will turn off when the headphones are fully charged.

NOTE: For best sound performance, please make sure battery is fully charged before use.

- 2 To activate pairing, while the headphones are powered off, press and hold the multi-function button ►|| for 5 seconds until the LED indicator starts flashing blue and red.
- 3 With the headphones now in pairing mode, proceed to step 4 of transmitter setup to complete the pairing process. (For Monster Transmitter pairing instructions refer to page 3, step 4)

If desired, the Bluetooth Headphones can be paired to any Bluetooth enabled device. Enable Bluetooth search mode on your audio device and select pairing name "MONSTER MTH9-1001".

- 4 Once the headphones have been successfully connected, the LED indicator will flash blue.

## Note

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules, these limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications or television reception. However, there is no guarantee that interference will not occur in a particular installation. If this occurs, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- (1) Reorient or relocate the receiving antenna.
- (2) Increase the separation between the equipment and receiver.
- (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- (4) Consult an experienced radio/TV technician for help or contact the customer service number below.

## Customer Service

## Safety Instructions

Please read and understand all instructions before using this product. If damage is caused by failure to follow the instructions, this warranty is null and void.

- Keep these instructions.
- Do not drop, puncture, or disassemble this product.
- Do not expose this product to dripping or splashing of drinks or liquids of any kind.
- Avoid long exposure to direct sunlight, which may cause damage.
- Do not expose this product to open flames.
- Do not use the product in a strong magnetic field.
- Use a clean, soft cloth to clean. Do not use any corrosive cleaners/oils to clean.

## Notice

### FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### Warning

Changes or modifications not expressly approved by the party responsible for compliance could void the user's warranty or authority to operate the equipment.

### FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF exposure requirements. The device can be used in fixed or mobile condition. The minimum separation distance is 20cm.
