Warranty Period and Conditions

At Blooma, we devote special attention to selecting high-quality materials and use manufacturing techniques that enable us to create designer and durable product ranges.

That is why we offer a 2-year warranty against product manufacturing defects in the LED component in this product. The guarantee terms and conditions are available in...

This product is under warranty for 2 years as from the date of purchase. For normal, non-professional household use for the LED component in this product. The warranty shall only apply upon presentation of the bill received at the invoice. Keep your proof of purchase in a safe place.

The warranty covers product breakdowns and malfunctions under the condition that the product is used in accordance with its intended use and subject to installation and maintenance in accordance with good practice and the information contained in the user's manual.

This product must be installed so that it may be later removed without damaging it.

This contractual warranty does not cover defects and damage caused by the natural wear of parts, bad weather, flooding, heat stresses, freezing damage caused by water quality (hardness, aggressiveness, corrosion, etc.), by the presence of foreign bodies transmitted by water or otherwise (sand, filling, etc.) or the lack of ventilation, and damages that could be the consequence of improper use, misuse, negligence, accident or maintenance that is defective or does not comply with good practice or the information in the user's manual.

The following are also excluded from the warranty: harmful or corrosive substances due to their use, damage to accessories or non-original equipment manufacturer or improper replacement parts, disassembly or product modification.

The warranty is limited to those parts recognised as defective. Under no circumstances shall it cover fire, explosion (travelling), bubble and direct and consequential damage. Guarantee related questions should be addressed to a store supported by the distributor that you purchased the product from.

This guarantee is in addition to any other warranty that may be in force and does not affect your statutory rights.

FR

Avant et conditions de garantie

À Blooma, nous accordons une attention toute particulière au choix des matériaux de haute qualité et à l'utilisation de techniques de fabrication qui nous permettent de créer des gammes de produits de qualité et durables.

C'est pourquoi nous vous proposons une garantie de deux ans contre les défauts de fabrication des composants LED de ce produit. Les termes et conditions de la garantie sont disponibles en...

Ce produit est sous garantie pendant 2 ans à compter de la date deachat. Pour un usage normal, non professionnel du composant LED de ce produit. La garantie ne s'applique qu'en cas de présentation de la facture d'achat. Conservez votre preuve de achat dans un endroit sûr. Gardez votre facture d'achat dans un endroit sûr.

Cette garantie couvre les pannes et dysfonctionnements du produit sous réserve qu'il soit utilisé conformément à sa destination et qu'il n'ait subi aucune installation ou réparation non autorisée.

Ce produit doit être installé de manière à ce qu'il puisse être retiré ultérieurement sans endommager le produit.

Cette garantie contractuelle ne couvre pas les défauts et les dommages causés par l'usure naturelle des pièces, le mauvais temps, les inondations, les dommages causés par la qualité de l'eau (calcaire, agressivité, corrosion, etc.), par la présence de corps étrangers transmis par l'eau ou autrement (sable, remplissage, etc.) ou par le manque de ventilation, et les dommages qui pourraient être la conséquence d'une utilisation incorrecte, d'un usage abusif, d'une négligence, d'un accident ou d'une maintenance qui n'est pas conforme aux bonnes pratiques ou aux informations contenues dans le manuel de l'utilisateur.

Suivent également être exclus de la garantie : les substances nocives ou corrosives dues à leur utilisation, les dommages causés par des accessoires ou des pièces de rechange non d'origine, ou non adaptés, ou démontés à la modification du produit. La garantie est limitée aux pièces reconnues comme défectueuses. En aucun cas, elle ne couvrira les dommages causés par un incendie, une explosion (travelling), une bulle ou des dommages directs et consécutifs.

Les questions relatives à la garantie doivent être adressées à un magasin soutenu par le distributeur que vous avez acheté le produit.

Cette garantie s'ajoute à toute autre garantie qui pourrait être en vigueur et n'affecte pas vos droits légaux.

Безопасность

- Эти инструкции призваны обеспечить вашу безопасность.
Выполните внимательно все инструкции перед установкой изделия.
Проверьте упаковку и убедитесь, что она содержит все перечисленные компоненты.
Выберите подходящее место для установки изделия.
Убедитесь, что изделие IP65 гарантируется, если изделие правильно установлено и герметично.
Не допускайте короткого замыкания из-за неправильного подключения.
Соблюдайте требования, приведенные на листе с рекомендациями по эксплуатации.
Самые важные детали необходимо закрывать в соответствии с их ориентацией.
Самые важные детали необходимо закрывать в соответствии с их ориентацией.
Самые важные детали необходимо закрывать в соответствии с их ориентацией.

Технические данные

Источники света в этом светильнике не подлежат замене.
Тип лампы: 1 x 12 В 600 мА (Ni-MH) (AA).
Аккумулятор: Соответствие всем требованиям Директивы ЕС.
IP65: Защищен от воды.
Электроника Alginate.
Аккумуляторы должны быть утилизированы или утилизированы в соответствии с требованиями.
xx-год; yy-неделя номера недели.

Siguranța

- Accele instrucțiuni sunt pentru siguranța dumneavoastră și nu să cliți cu altele aceste instrucțiuni înainte de instalarea produsului și a sa le păstrați pentru referințe ulterioare.
Comparați prezentul formular de instalare cu cel din ambalaj.
Instalați întregul ambalaj, pungi etc pe produs.
Stabiliza zona cea mai potrivită pentru instalarea produsului dumneavoastră.
ATENȚIE: Gradul de protecție IP65 este garantat numai dacă produsul este instalat corect și etanșat corect.
Evitați amplasarea produsului într-un mediu coroziv.
Consultați mereu desenele de instalare atunci când kliți produsul.
Produsul trebuie să fie montat în siguranță pe suprafața de instalare utilizând șuruburile și prizele de perete furnizate.
Durata de operare depinde de performanțele de recărcare pe timpul zilei.
Este recomandat să utilizați un dispozitiv de încălzire, pentru a menține temperatura la nivelul recomandat.

Date tehnice

Sursa de lumină instalată în acest corp de iluminat nu se poate înlocui.
Tip de bulb: 1 x 12 V 600 mA (NI-MH) (AA).
Baterii: Conform cu toate cerințele Directivei europene.
IP65: Rezistent la jeturi de apă.
Deșeurile produse electrice nu trebuie să fie eliminate împreună cu deșeurile menajere.
Bateriile trebuie să fie reciclate sau reciclate în mod corespunzător.

Seguridad

- Estas instrucciones son para su seguridad.
Compruebe que el paquete y asegúrese de que contiene todos los componentes enumerados.
Decida el lugar donde va a colocar el producto.
ATENCIÓN: IP65 está garantizado cuando el producto está correctamente instalado y sellado.
Evite siempre situar el producto en ambientes corrosivos.
Consulte siempre el esquema de montaje para orientarse del montaje.
El producto debe estar sujeto firmemente a la superficie de montaje utilizando los tornillos y los tarugos adecuados.
El tiempo de funcionamiento depende del rendimiento de la carga durante el día.
Se recomienda tener un programa de cuidado y mantenimiento regular para mantener en buen estado la superficie.

Datos técnicos

La fuente de luz de estas luminarias no es sustituible.
Tipo de bombilla: 1 x 12 V 600 mA (NI-MH) (AA).
Baterías: En conformidad con todas las exigencias relevantes de la CE.
IP65: Resistente a chorros de agua.
Los productos eléctricos usados no deben incluirse en los desperdicios domésticos.
Por favor, utilice las instrucciones a su disposición para un tratamiento específico de estos residuos.
Pregunte a las autoridades locales o a su municipio cómo puede reciclarlos.
Las baterías deben ser recicladas o eliminadas de manera adecuada.
xxWyy: xx-año; yy-semana del año.
