EN

The golden rules for care

NOTE: Use warm soapy water and a soft damp cloth to keep the glass clean. Wipe dry with a clean cloth. Glass cleaner can be used if required. Scourers, abrasives and chemical cleaners can damage the glass and pattern, and should not be used.

In hard water areas, insoluble lime salts may be deposited on the glass. If this is allowed to build up it becomes increasingly difficult to remove and looks unsightly. Regular cleaning will minimize this effect.

- Do not attempt to cut the glass.
- Do not strike the glass with hard or pointed items.
- Regularly check moving parts such as rollers and hinges to ensure they are secure and adjusted correctly. Tighten and adjust where required. Also check all sealed joints to ensure seal has not deteriorated. Re-seal if required.

FR

Les règles d'or pour l'entretien

REMARQUE : Utilisez de l'eau tiède savonneuse et un chiffon doux humide pour garder la vitre propre. Essuyez à l'aide d'un chiffon propre. Si nécessaire, vous pouvez utiliser un produit pour vitres. Grattoirs, abrasifs et nettoyants chimiques peuvent endommager la vitre et le motif, et ne doivent ainsi pas être utilisés.

Dans les zones dont l'eau est dure, un dépôt de calcaire peut se former sur la vitre. Si vous le laissez s'accumuler, il deviendra de plus en plus difficile à enlever, et sera inesthétique. Un nettoyage régulier permet de réduire cet effet.

- Ne tentez pas de découper la vitre.
- Ne cognez pas la vitre avec des objets durs ou pointus.
- Vérifiez régulièrement les pièces mobiles telles que les rouleaux et charnières afin de vous assurer qu'elles sont solidement fixées et correctement réglées. Serrez et ajustez-les lorsque nécessaire. Vérifiez également tous les joints scellés afin de vous assurer de l'intégrité de l'étanchéité. Scellez à nouveau au besoin.

Getting started...

- Check the pack and ensure that you have all of the parts listed.
- When you are ready to start, make sure you have the right tools to hand, plenty of space and a dry area for assembly.
- Ensure the mounting surface is sound, clean and dry before the enclosure is installed.
- Ensure that the enclosure is fitted to a level tray or floor and vertical walls.
- The thickness of the tiles used will affect the overall position of the enclosure on the tray.
- When drilling through ceramic tiles use a specialist drill bit.
- When working near a tray or bath, ensure that the waste is covered so that small parts do not fall down it.
- Please note: The wall plugs included with this product are suitable for solid walls only. Other wall types may require specialist fixings or wall plugs (not provided). Always ensure that wall plugs or fittings are correct for the wall type. If in doubt seek professional advice.
- Please note that although these instructions are comprehensive, it is always recommended that a technically competent installer should undertake the installation.

CAUTION: DO NOT overtighten the fixings otherwise it may damage the product.

 **WARNING:** Failure to follow these instructions may result in personal injury, damage to the product and property damage.

Duration and conditions of guarantee

At Cooke & Lewis, we pay special attention to the selection of high-quality materials and use manufacturing techniques that enable us to create lines of long-lasting designer products. This is why we offer a 10-year warranty against manufacturing defects on our shower enclosures.

This shower enclosure is under warranty for 10 years from the purchase date for normal household, non-professional use. The warranty is valid only upon presentation of the sales slip or purchase invoice. Keep your proof of purchase in a safe place.

The warranty covers product breakdowns and malfunctions subject to compliance with the product's intended use and subject to proper installation and maintenance in accordance with the information in the user guide.

The shower enclosures must be installed so that they can be later removed, without causing damage. This contractual warranty does not cover defects and deterioration caused by the natural wear of the parts, colour variations due to the influence of light over time, bad weather, floods, heat, damage caused by water quality (hardness, abrasiveness, corrosion, etc.), by the presence of foreign objects, whether transported or not by water (sand, filings, etc.) or the lack of room ventilation and damages that could be the result of improper use, misuse, negligence, accident or faulty maintenance.

The following are also excluded from warranty claims: adverse effects due to the use of non-genuine or unsuitable accessories and/or replacement parts, product disassembly or product modification.

The warranty does not cover the breakage of tempered glass enclosures, whether it occurs during unpacking, assembly or transportation of the product, or after its installation.

The warranty is limited to parts recognised as defective. In no case shall it cover ancillary costs (travel, labour) and direct and indirect damages.

Declaration of Performance available on www.diy.com

Distributor: B&Q plc, Chandlers Ford, Hants, SO53 3LE United Kingdom
www.diy.com

SFD Limited, Trade House, Mead Avenue, Yeovil, BA22 8RT, United Kingdom

Pour bien commencer...

- Vérifiez le contenu du paquet et assurez-vous que tous les composants répertoriés sont présents.
- Lorsque vous êtes prêt pour commencer, veillez à disposer des bons outils à portée de main, de suffisamment d'espace et d'un endroit sec pour le montage.
- Assurez-vous que la surface de montage est solide, propre et sèche avant l'installation de la paroi.
- Assurez-vous que la paroi est fixée à un bac ou sol nivelé et à des murs verticaux.
- L'épaisseur des carreaux utilisés affectera la position d'ensemble de la paroi sur le receveur.
- Lors de perçages dans des carreaux en céramique, utilisez un foret adapté.
- Lors de travaux effectués à proximité d'un bac ou d'une baignoire, assurez-vous que les ouvertures soient couvertes afin qu'aucun petit morceau n'y tombe.
- Remarque : les chevilles murales fournies avec ce produit conviennent pour les murs pleins uniquement. Les autres types de murs peuvent éventuellement nécessiter des fixations ou chevilles murales spéciales (non fournies). Assurez-vous toujours que les

chevilles murales ou fixations sont adaptées au type de mur. En cas de doute, obtenez des conseils professionnels.

Remarque importante : Bien que ces instructions soient complètes, il est toujours recommandé que l'installation soit réalisée par un installateur professionnel.

Sécurité

- Utilisation domestique uniquement.
- ATTENTION :** Fragile - manipulez le produit avec précaution. Ce produit peut causer des blessures, des dommages matériels ou se casser facilement s'il n'est pas manipulé, disposé et installé avec soin.
- ATTENTION :** Veuillez manipulez toute vitre avec précaution. Tout endommagement des bords ou rayure sur la surface susceptible de se produire en cours de montage ou d'utilisation normale peut provoquer la cassure soudaine de la vitre. La vitre trempée peut voler en petits éclats, dont les bords sont tout de même tranchants
- Ne cognez pas la vitre avec des objets durs ou pointus.
- Ne tentez pas de découper la vitre.
- ATTENTION :** Assurez-vous toujours que le produit est correctement installé avant de l'utiliser.

- Des précautions doivent être prises lors des forages dans le mur pour éviter les tuyaux et les fils cachés.
- ATTENTION** : Lors de forages dans des carrelages en céramique, utilisez un foret spécial.
- ATTENTION** : NE serrez PAS les fixations excessivement. Cela pourrait endommager le produit.

AVERTISSEMENT : Le non-respect de ces instructions peut entraîner des blessures corporelles, des dommages au produit et des dommages à la propriété.

Durée et conditions de garantie

Chez Cooke & Lewis, nous apportons une attention toute particulière dans le choix de matériaux de haute qualité et utilisons des techniques de fabrication qui nous permettent de créer des gammes de produits design et durable. C'est pourquoi nous vous proposons une garantie de 10 ans contre les défauts de fabrication sur nos parois de douche.

Cette paroi de douche est garantie 10 ans à compter de la date d'achat, dans le cadre d'un usage ménager normal, non professionnel. La garantie ne peut s'appliquer que sur présentation du ticket de caisse ou de la facture d'achat. Conservez votre preuve d'achat dans un endroit sûr.

La garantie couvre les pannes et dysfonctionnements du produit sous réserve d'une utilisation conforme à la destination du produit et sous réserve d'une installation et d'un entretien conformes aux règles de l'art et aux informations du manuel d'utilisation.

Les parois de douche devront avoir été installées de telle sorte qu'elles puissent être retirées ultérieurement, sans détérioration. Cette garantie contractuelle ne couvre pas les défauts et détériorations provoqués par l'usure naturelle des pièces, les variations de teinte dues à l'influence de la lumière dans le temps, les intempéries, les inondations, les dégagements de chaleur, les dommages causés par la qualité de l'eau (calcaire, agressivité, corrosion, ...), par la présence de corps étrangers véhiculés ou non par l'eau (sable, limailles, ...) ou le manque d'aération de la pièce et les dommages qui pourraient être la conséquence d'un usage inappropriate, d'une utilisation abusive, d'une négligence, d'un accident ou d'un entretien défectueux.

Sont également exclues de la garantie les conséquences néfastes dues à l'emploi d'accessoires et/ou de pièces de rechange non d'origine, ou non adaptées, au démontage ou à la modification du produit.

La garantie ne couvre pas la casse des parois en verre trempé, qu'elle intervienne durant le déballage, le montage, le transport du produit, ou après son installation.

La garantie est limitée aux pièces reconnues défectueuses. Elle ne couvre, en aucun cas, les frais annexes (déplacement, main d'œuvre) et les dommages directs et indirects.
