The Einhell cordless TP-CW 18 Li BL-solo impact wrench with brushless motor delivers more power and runs longer than tools with conventional carbon brush motors. As a member of the Power-X-Change family, every system battery can be used on all models in the series. This high-torque wrench provides enough power to slacken even jammed wheel nuts. Yet for all its power, the TE-CW 18 Li BL-solo is light in weight and comfortable to handle. In addition it comes with a robust 1/2" external square drive mount, and there is also a bit adapter for screws. The integrated LED light illuminates the work area. This product comes without a battery or charger.
