GC-AW 9036

Référence produit: 4176720

Numéro d'identification: 11014

Code EAN: 4006825601954

The automatic water works GC-AW 9036 is an efficient and reliable device for the appropriate, energy-saving supply of clear water from reservoirs, fountains and wells for watering purposes or for the service water supply. Its electronic flow switch with LED display and automatic function switches the pump on and off automatically for water withdrawal. With its strong 900 Watt motor, the automat delivers up to 3,600 liters of water per hour. The automatic water works have, among others, a pre-filter with integrated check valve, a big water filler hole for simple refilling, and a high-quality plastic pump housing. The practical handle allows a comfortable transport.

Caractéristiques et bénéfices

- Electronic flow switch with LED indicator
- Automatic function
- Dry-running protection
- Prefilter with integrated non-return valve
- Large filler opening
- Water drain screw
- Brass suction connection
- Pressure connection made of stainless steel
- Useful carrying handle
- High quality pump housing made of plastic

Données techniques

- | | |
|---------------------------------|-----------------|
| - Alimentation secteur | 230 V 50 Hz |
| - Puissance | 900 W |
| - Capacité de livraison maximum | 3600 L/h |
| - Hauteur de livraison maximum | 43 m |
| - Pression maximum | 4.3 bar |
| - Hauteur d'aspiration maximum | 7 m |
| - Température de l'eau maximale | 35 °C |
| - Connexion d'aspiration | 42mm (R11/4 AG) |
| - Connexion de pression | 33,3mm (R1 IG) |
| - Câble d'alimentation | 1.5 m H07RN-F |

Données logistiques

- | | |
|--|--------------------|
| - Poids du produit | 9.9 kg |
| - Poids brut à l'unité | 11.3 kg |
| - Dimension du packaging unitaire | 505 x 280 x 370 mm |
| - Unité par carton de suremballage | 1 Pièces |
| - Poids brut du carton d'exportation | 12.4 kg |
| - Dimension du carton de sur-emballage | 505 x 280 x 370 mm |
| - Unité par container (20"/40"/40" HC) | 558 1128 1316 |
