

Declaration of Conformity for Substances of very high concern

According to REACH, Regulation (EC)1907/2006, article 33, any supplier of an 'article as such' containing a substance included in the candidate list of substances of very high concern (SVHC) in a concentration above 0,1%(w/w) shall provide the recipient of the article with sufficient information within 45 days upon request. Since the candidate list is regularly updated, always check the latest list of substances of very high concern available at this webpage: <http://echa.europa.eu/candidate-list-table>

For simplicity, an 'article as such' can be thought of as an indivisible component part of a supplied finished product. Therefore ,in general, many 'articles as such' comprise supplied finished products.

Also, the EU Waste Framework Directive (EU) 2018/851 of the European Parliament and of the Council of 30 May 2018 amending Directive 2008/98/EC on waste (Text with EEA relevance) sets requirements for placers on the EU market to pre-notify the EC of any products which in any small component part (referred to as 'articles as such') include any substance of very high concern (SVHC), such notifications are refer to as SCIP notifications.

Product SCIP notification is required for any finished product which includes one or more "article as a such" (including packaging) which contain SVHCs over 0.1% (w/w) of the 'article as such'. Notification requires certain information which must be accurate, and representative of the product you supply. Applicable Product SCIP Notification must be completed by the importer of record into the EU (which is Kingfisher).

Products which do not include SVHCs in any ('articles as such') require no product SCIP notification.

Note: that SCIP Notification is not currently requirement for the UK including Northern Ireland.

!Note also: Some SVHCs are restricted on REACH annex 17 of REACH [Substances restricted under REACH - ECHA \(europa.eu\)](http://echa.europa.eu) – **Respectful REMINDER:** it is **vital** that SVHC's restricted in applicable REACH annex 17 regulations **do not breach** those restriction limits – PLEASE take time to **DOUBLE CHECK with your test houses to ensure that your SVHC data reflects compliance with applicable parts of REACH annex 17 before submitting this questionnaire.**

Vendors supplying any finished products which include 'articles as such' which include candidate list substances at > 0.1% w/w (of the article as such) must communicate this to Kingfisher and submit relevant safe use information.

Hence, in order for Kingfisher to fulfil its SCIP Notification obligations for applicable products which Kingfisher import into the EU, **Please complete the following declaration,**

1. Vendor Information

Supplier Name	Address
Zhejiang Best Capital Shoes Co., Ltd	XinCheng DongXin Industrial Zone, Ruian, Zhejiang, China
