## REGLES D'UTILISATION ET D'ENTRETIEN

### A faire :

- . Vérifier régulièrement l'état de la visserie et la resserrer le cas échéant.
- . Entretien des façades : utiliser un chiffon très doux. Si des tâches persistent, utiliser de l'eau savonneuse (diluée à 1%), puis essuyer soigneusement avec un chiffon sec.
- . Ne traiter qu'un matériau à la fois et, si nécessaire, protéger les autres.
- . Tamponner une tache de l'extérieur vers le centre pour éviter qu'elle ne s'étale.
- . Respecter la tendresse du bois et éviter les chocs.
- . Vérifier régulièrement l'absence de condensation ou d'eau stagnante dans ou sous le meuble.
- . Essuyer rapidement les coulures ou éclaboussures d'eau ou de liquide.
- . Veiller à assurer une ventilation permanente et efficace de la pièce.
- . S'adresser à un professionnel en cas de doute.
- . Enfoncer soigneusement les taquets en cas de nouveau réglage des tablettes.
- . Les produits brillants sont sensibles à la rayure, il est possible que dans le temps apparaissent des micro-rayures.

### A ne pas faire

- . Ne jamais frotter une façade poussiéreuse (risque de micro-rayures).
- . Ne pas mouiller abondamment un meuble, une façade, ne pas laisser d'eau stagner.
- . Ne jamais entretenir un meuble à l'aide d'une paille de fer, de poudres ou d'éponges à récurer.
- . Ne pas utiliser les produits à base ou contenant de la javel, de l'alcool, de l'acétone ou de diluant cellulosique pour le nettoyage.
- . Ne pas utiliser de nettoyeur vapeur.
- . Ne pas utiliser de produit à base de silicone.
- . Ne pas orienter de chauffage soufflant directement sur le meuble
- . Ne pas déposer de linge humide sur les portes.

**RECYCLAGE DES PRODUITS EN FIN DE VIE:** vous pouvez rapporter votre mobilier en déchèterie ou faire appel aux acteurs de l'économie sociale et solidaire.
